

NotifyJoCo

Be the first to know about emergency situations in your area, including severe weather, water outages and more. **Signing up is as easy as 1-2-3!**

1

Sign up

Go to notifyjoco.org to sign up for Johnson County's public notification system. All you need to enter is your name, email and a login password.

2

Choose alerts

Get the alerts that are relevant to you - weather, public safety warnings, community events and more. Customize your locations of interest for home, work, and school.

3

Get notified

You'll receive messages by phone, text and/or email (whichever you choose) any time there's an emergency situation.

NotifyJoCo is a free public service made possible by a partnership of local governments and public utilities.
